ABOUT

I'm Damácia Howard, an advocate for inclusivity in woman-dominated communities. My passions align with expanding my project "Diving Deep with Damácia," an initiative geared towards education on diversity from grade level on up. After succumbing to racial harassment, I've made it my mission to encourage confidence in women from all facets of life. When I'm not serving as a community leader, I'm pursuing a career in the acting and film industry.

With the title of USA National Miss, I elevated my volunteerism across the nation. I'm a seasoned competitor with honed public speaking, hosting, and modeling skills. I leverage my audience through social media to share lifestyle recaps of my unique day-to-day life.

I want to share this journey digitally through content I can create with your brand!
